

International Investment Practical Conference "Development of the bioenergy market"

Wednesday, 23. February 2022.

Hotel „Sheraton“, Polgar Andraša 1, Novi Sad

Energy efficiency through use biomass and solar energy

HALL I

09.30 – 10.00	REGISTRATION OF PARTICIPANTS, breakfast
10.0 – 10.30	<ul style="list-style-type: none"> ➤ Welcome speech - Natasa Rubezic, President of the National Biomass Association "SERBIO" ➤ Welcome speech by PARTNER - GIZ DKTI (announced) ➤ Welcome speech by GENERAL SPONSOR
10.30 – 10.35	Break
10.35 – 11.35	SOLAR TECHNOLOGIES AND SOLUTIONS - households and industry
11.35 – 11.50	<ul style="list-style-type: none"> ➤ Solar household systems technology ➤ Off-grid and On-grid technologies ➤ Technology of solar systems for the industry ➤ Solar power plant technology in agriculture (warehouses)
	Solar power plant design
	➤ Engineering services and design
11.50 – 12.05	Rooftop solar power plants-Insurance
	➤ Insurance model
12.05 – 12.25	Questions and discussion
12.25 – 13.25	PRODUCTION OF HEAT AND ELECTRICITY FROM BIOMASS - COGENERATION
Moderator: Nataša Rubežić <i>President of the National Biomass Association "SERBIO"</i>	<ul style="list-style-type: none"> ➤ Boiler technology for households ➤ Boiler technology for industries ➤ Biomass cogeneration - technology ➤ Production of pellets and wood chips
13.25 – 13.40	Questions and discussion
13.40 – 14.20	Lunch Break
14.20 – 15.20	FINANCIAL RESOURCES
	<ul style="list-style-type: none"> ➤ Subsidies for solar panels - state ➤ Loans for investment in Energy Efficiency - bank ➤ Private investment funds
15.20 – 15.35	Questions and discussion
16.00	End of the conference

***NOTE**

Panels and discussion in HALL I are intended for companies, households, industries, farmers, owners of cold storages and warehouses.

HALL II		PANEL AND DISCUSSION	
		Energy efficiency through solar and biomass energy for public companies and local governments	
11.00 – 13.40	<ul style="list-style-type: none"> ➤ Energy efficiency in heating plants in Serbia "-Business Association of Heating Plants of Serbia - <i>Dejan Stojanovic</i> ➤ PUC "Novi Sad Heating Plant" - Solar - thermal project (tbc) ➤ "BIOSOL" program - Use of biomass and solar energy as renewable sources of sustainable and efficient energy for independent complexes with social purpose (tbc) ➤ City of Šabac, city of Priboj - examples of good practice ➤ Project support - GIZ DKTI, event co-organizer (tbc) 	Moderator: Dejan Stojanović Business association of the heating plant of Serbia	
		Technologies	
		<ul style="list-style-type: none"> ➤ <i>Urbas Maschinenfabrik Ges.m.b.H. (tbc)</i> ➤ <i>Hargassner Industry GmbH, Center for Industrial Heating Systems (tbc)</i> ➤ <i>Technology - cogeneration</i> 	
13.40 – 14.20	Lunch and end of the panel		

***NOTE**

The panel and discussion in HALL II are intended for representatives of local governments, Municipalities and cities, public enterprises.

HALL III		B2B MEETINGS	
11.00 – 15.00			

***NOTE**

Space designated for B2B meetings and promotional material from sponsors and partners
